KAPA'A – The Department of Parks and Recreation (DOPR) is announcing that the Kapa'a Swimming Pool will be closed to the public starting Aug. 13, 2022, for renovations.

This project's scope of work includes replacing and upgrading the pool filtration, recirculation, and chlorination systems. Renovations will also be made to the gutter edge and drainage systems. There will also be installation work of a new plaster finish of the pool's interior and replacement of deck and lane tile markers.

Officials anticipate construction to be complete by late May 2023.
