Additional health screening measures for customers of the Kapule Building effective Nov. 16

LĪHU'E – The County of Kaua'i is announcing additional health screening measures for customers of the Līhu'e Civic Center's Kapule Building effective Monday, Nov. 16.

Customers and any accompanying individuals must be able to pass a health screening to include a temperature check and answering a few health and travel-related questions before entering the building for services.

If the applicant does not comply or pass the health screening, the appointment will be rescheduled on a date at least 14 days after their initial appointment.

Additionally, kupuna and other walk-in customers must comply and pass health screening to enter building.

The health and safety of the community and our associates has been and remains our primary focus. Social distancing guidelines will be enforced, and masks will be required for entry and service.

For additional information about or questions, please contact Jeremy Lee with the Finance Department at 241-4268.
